Terms to Know

Benefits can be confusing! Here's a quick reference to help you navigate commonly used terms:

- **Copay:** A flat dollar amount you pay the provider when you receive a service.
- **Deductible:** The amount you pay for services before the plan begins paying some of the cost. The deductible may not apply to all services, including preventive care.
- **Coinsurance:** The portion of covered expenses you and the plan share after you meet the deductible (listed as a percentage).
- **Out-Of-Pocket Maximum (OOP Max):** The maximum amount you pay out of your pocket for covered expenses in a year. Once you reach the out-of-pocket maximum, the medical plan pays for all covered services for the rest of the year.
- **Embedded Deductible or OOP Max:** A single family member does not need to meet the family deductible or OOP max before the benefit begins to pay for healthcare services.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov. If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility –

Required Notices

Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: GENERAL INFORMATION

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace (“Marketplace”). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn’t meet certain minimum value standards (discussed below). The savings that you’re eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than

9.96%¹ of your annual household income, or if the coverage through your employment does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee’s cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.96% of the employee’s household income.¹²

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you’ve had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period

for individuals and their families who lose eligibility for Medicaid or Children’s Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage. In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility.

To learn more, visit [HealthCare.gov](https://www.healthcare.gov) or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit [healthcare.gov/medicaid-chip/getting-medicaid-chip](https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip) for more details.

How Can I Get More Information?

For more information about your coverage offered through your employment, please check your health plan’s summary plan description or contact SSCP

Human Resources. The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit [HealthCare.gov](https://www.healthcare.gov) for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

1. Indexed annually; see [irs.gov/pub/irs-drop/rp-22-34.pdf](https://www.irs.gov/pub/irs-drop/rp-22-34.pdf) for 2023.

2. An employer-sponsored or other employment-based health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60% of such costs. For purposes of eligibility for the premium tax credit, to meet the “minimum value standard,” the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

Special Enrollment Notice

This notice is being provided to make certain that you understand your right to apply for group health coverage. You should read this notice even if you plan to waive health coverage at this time.

LOSS OF OTHER COVERAGE

If you are declining coverage for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this Plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents’ other coverage). However, you must request enrollment within 30 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

Example: You waived coverage under this Plan because you were covered under a plan offered by your spouse’s employer. Your spouse terminates employment. If you notify your employer within 30 days of the date coverage ends, you and your eligible dependents may apply for coverage under this Plan.

MARRIAGE, BIRTH OR ADOPTION

If you have a new dependent as a result of a marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, or placement for adoption.

Example: When you were hired, you were single and

Example: When you were hired, you were single and chose not to elect health insurance benefits. One year later, you marry. You and your eligible dependents are entitled to enroll in this Plan. However, you must apply within 30 days from the date of your marriage.

MEDICAID OR CHIP

If you or your dependents lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP, you may be able to enroll yourself and your dependents. You must request enrollment within 60 days of the loss of Medicaid or CHIP coverage or the determination of eligibility for a premium assistance subsidy.

Example: When you were hired, your children received health coverage under CHIP and you did not enroll them in this Plan. Because of changes in your income, your children are no longer eligible for CHIP coverage. You may enroll them in this Plan if you apply within 60 days of the date of their loss of CHIP coverage.

Important Notice from SSCP Management About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with SSCP Management and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can

get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. SSCP Management has determined that the prescription drug coverage offered by the SSCP Management Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 to December 7.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current SSCP Management coverage may be affected.

If you do decide to join a Medicare drug plan and drop your current SSCP Management coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with SSCP Management and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare

base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through SSCP Management changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Important Information: COBRA Continuation Coverage and other Health Coverage Alternatives

This notice has important information about your right to continue your health care coverage in the SSCP Management (the Plan), as well as other health coverage options that may be available to you, including coverage through the Health Insurance Marketplace at www.HealthCare.gov or call 1-800-318-2596. You may be able to get coverage through the Health Insurance Marketplace that costs less than COBRA continuation coverage. Please read the information in this notice very carefully before you make your decision.

Why am I getting this notice?

You're getting this notice because you are enrolled in the Plan or eligible for enrollment in the Plan.

Federal law requires that most group health plans (including this Plan) give employees and their families the opportunity to continue their health care coverage through COBRA continuation coverage when there's a "qualifying event" that would result in a loss of coverage under an employer's plan.

What's COBRA continuation coverage?

COBRA continuation coverage is the same coverage that the Plan gives to other participants or beneficiaries who aren't getting continuation coverage. Each "qualified beneficiary" (described below) who elects COBRA continuation coverage will have the same rights under the Plan as other participants or beneficiaries covered under the Plan.

Who are the qualified beneficiaries?

Each person ("qualified beneficiary") in the following categories can elect COBRA continuation coverage

- Employee or former employee
- Spouse or former spouse
- Dependent child(ren) covered under the Plan on the day before the event that caused the loss of coverage

• **Child who is losing coverage under the Plan because he or she is no longer a dependent under the Plan**

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other more affordable coverage options for you and your family through the Health Insurance Marketplace, Medicaid, Medicare, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage.

You should compare your other coverage options with COBRA continuation coverage and choose the coverage that is best for you. For example, if you move to other coverage you may pay more out of pocket than you would under COBRA because the new coverage may impose a new deductible.

When you lose job-based health coverage, it's important that you choose carefully between COBRA continuation coverage and other coverage options, because once you've made your choice, it can be difficult or impossible to switch to another coverage option.

Can I extend the length of COBRA continuation coverage?

If you elect continuation coverage, you may be able to extend the length of continuation coverage if a qualified beneficiary is disabled, or if a second qualifying event occurs. If you don't provide notice of a disability or second qualifying event within the required time period, it will affect your right to extend the period of continuation coverage.

For more information about extending the length of COBRA continuation coverage visit <https://www.dol.gov/sites/dolgov/files/EBSA/about-ebbsa/our-activities/resource-center/publications/an-employees-guide-to-health-benefits-under-cobra.pdf>.

How much does COBRA continuation coverage cost?

Other coverage options may cost less. Additional information about payment will be provided to you after the election form is received by the Plan. Important information about paying your premium can be found at the end of this notice.

You may be able to get coverage through the Health Insurance Marketplace that costs less than COBRA continuation coverage. You can learn more about the Marketplace below.

What is the Health Insurance Marketplace?

The Marketplace offers "one-stop shopping" to find and compare private health insurance options. In the Marketplace, you could be eligible for a new kind of tax credit that lowers your monthly premiums and cost-sharing reductions (amounts that lower your out-of-pocket costs for deductibles, coinsurance, and copayments) right away, and you can see what your premium, deductibles, and out-of-pocket costs will be before you make a decision to enroll. Through the Marketplace you'll also learn if you qualify for free or low-cost coverage from [Medicaid](#) or the [Children's Health Insurance Program \(CHIP\)](#). You can access the Marketplace for your state at www.HealthCare.gov.

Coverage through the Health Insurance Marketplace may cost less than COBRA continuation coverage. Being offered COBRA continuation coverage won't limit your eligibility for coverage or for a tax credit through the Marketplace.

When can I enroll in Marketplace coverage?

You always have 60 days from the time you lose your job-based coverage to enroll in the Marketplace. That is because losing your job-based health coverage is a "special enrollment" event. After 60 days your special enrollment period will end and you may not be able to enroll, so you should take action right away. In addition, during what is called an "open enrollment" period, anyone can enroll in Marketplace coverage.

To find out more about enrolling in the Marketplace, such as when the next open enrollment period will be and what you need to know about qualifying events and special enrollment periods, visit www.HealthCare.gov.

If I sign up for COBRA continuation coverage, can I switch to coverage in the Marketplace? What about if I choose Marketplace coverage and want to switch back to COBRA continuation coverage?

If you sign up for COBRA continuation coverage, you can switch to a Marketplace plan during a Marketplace open enrollment period. You can also end your

COBRA continuation coverage early and switch to a Marketplace plan if you have another qualifying event such as marriage or birth of a child through something called a “special enrollment period.” But be careful though - if you terminate your COBRA continuation coverage early without another qualifying event, you’ll have to wait to enroll in Marketplace coverage until the next open enrollment period, and could end up without any health coverage in the interim.

Once you’ve exhausted your COBRA continuation coverage and the coverage expires, you’ll be eligible to enroll in Marketplace coverage through a special enrollment period, even if Marketplace open enrollment has ended.

If you sign up for Marketplace coverage instead of COBRA continuation coverage, you cannot switch to COBRA continuation coverage once your election period ends.

Can I enroll in another group health plan?

You may be eligible to enroll in coverage under another group health plan (like a spouse’s plan), if you request enrollment within 30 days of the loss of coverage.

If you or your dependent chooses to elect COBRA continuation coverage instead of enrolling in another group health plan for which you’re eligible, you’ll have another opportunity to enroll in the other group health plan within 30 days of losing your COBRA continuation coverage.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?

In general, if you don’t enroll in Medicare Part A or B when you are first eligible because you are still employed, after the initial enrollment period for Medicare Part A or B, you have an 8-month special enrollment period¹ to sign up, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don’t enroll in Medicare Part B and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and then enroll in Medicare Part A or B before the COBRA

continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA will pay second. Certain COBRA continuation coverage plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.

For more information visit <https://www.medicare.gov/medicare-and-you>.

What factors should I consider when choosing coverage options?

When considering your options for health coverage, you may want to think about:

- **Premiums:** Your previous plan can charge up to 102% of total plan premiums for COBRA coverage. Other options, like coverage on a spouse’s plan or through the Marketplace, may be less expensive.
- **Provider Networks:** If you’re currently getting care or treatment for a condition, a change in your health coverage may affect your access to a particular health care provider. You may want to check to see if your current health care providers participate in a network as you consider options for health coverage.
- **Drug Formularies:** If you’re currently taking medication, a change in your health coverage may affect your costs for medication – and in some cases, your medication may not be covered by another plan. You may want to check to see if your current medications are listed in drug formularies for other health coverage.
- **Severance payments:** If you lost your job and got a severance package from your former employer, your former employer may have offered to pay some or all of your COBRA payments for a period of time. In this scenario, you may want to contact the Department of Labor at 1-866-444-3272 to discuss your options.
- **Service Areas:** Some plans limit their benefits to specific service or coverage areas – so if you move to another area of the country, you may not be able to use your benefits. You may want to see if your plan has a service or coverage area, or other similar

• **Other Cost-Sharing:** In addition to premiums or contributions for health coverage, you probably pay copayments, deductibles, coinsurance, or other amounts as you use your benefits. You may want to check to see what the cost-sharing requirements are for other health coverage options. For example, one option may have much lower monthly premiums, but a much higher deductible and higher copayments.
